Paraplegia **32** (1994) 884–890 © 1994 International Medical Society of Paraplegia

Indexes

Subject Index

Activities of daily living (ADL), Relationship between physical strain during standardised ADL tasks and physical capacity in men with SCI 844
Aging, A model of resource needs of aging spinal cord injured men 261
Ambulation
The effects of parallel bars, body weight support and speed on the modulation of the locomotor pattern of spastic paretic gait. A preliminary communication 540
Physiological costs of reciprocal gait in FES assisted walking 641, 680
Restoration of gait with orthoses in thoracic paraplegia: a multicentric investigation 608
Antibiotics, Use of adhesion counts to help predict symptomatic infection and the ability of fluoroquinolones to penetrate bacterial biofilms on the bladder cells of SCI patients 468
Blood pressure, Effect of nifedipine on cystometry-induced elevation of blood pressure in patients with a reflex urinary bladder after a high level SCI 308
Book reviews 130, 208, 364, 432, 506, 580, 635, 787
Brief Symptom Inventory (BSI), Moderator-variable effect on the Brief Symptom Inventory test-item endorsements of SCI patients 473
Catheterisation
Perineal xanthogranulomatous pseudotumor due to intermittent catheterisation: a liposarcoma mimic. Case report 624
Urethral cytology in SCI patients performing intermittent catheterisation 493
Cauda equina syndrome, In a patient treated with oral anticoagulants. Case report 277
Complications
Morbidity rates of complications in persons with SCI according to the site of injury and with special reference to hypertension 246
Of spinal surgery in acute spinal cord injury 389
Cortical magnetic stimulation (CMS), Prognostic value of CMS in SCI 554
Cystitis, Gangrenous cystitis in a paraplegic patient. Case report 622
Depression, A longitudinal investigation into anxiety and depression in the first 2 years following SCI 675
Drug therapy
The effect of methylprednisolone, nalaxone, and spinal cord trauma on four liver enzymes: observations from NASCIS 2 236
Effect of nifedipine on cystometry-induced elevation of blood pressure in patients with a reflex urinary bladder after a high level SCI 308
Management of pharmacologically induced prolonged penile erection with oral terbutaline in traumatic paraplegics 670
Psychological and emotional effects of the use of oral baclofen: a preliminary study 349
Dysreflexia, autonomic
Self-induced autonomic dysreflexia (boosting) practised by some tetraplegic athletes to enhance their athletic performance 289
Testosterone, cortisol and catecholamine responses to exercise stress and autonomic dysreflexia in elite quadriplegic athletes 292
Electrical stimulation
Application of functional neuromuscular stimulation (FNS) to children with spinal cord injuries: candidate selection for upper and lower extremity research 824
Augmentation of transfers for a quadriplegic patient using an implanted FNS system 573
Musculoskeletal effects of an electrical stimulation induced cycling programme in the spinal injured 407
Physiological costs of reciprocal gait in FES assisted walking 680
Embolism
Pulmonary embolism manifesting as acute disturbances of behaviour in patients with SCI 570
Recovery from paraplegia following aortic saddle embolism. Case report 112
Epidemiology
Of SCI: a reflection of changes in South African society 709
Of spinal injuries in Romania 715
Reproducibility of Nordic Sleep Questionnaire in spinal cord injured 780
Exercise
The effect of exercise training on pulmonary function in persons with quadriplegia 435
Testosterone, cortisol and catecholamine responses to exercise stress and autonomic dysreflexia in elite quadriplegic athletes 292

Of spinal injuries in Romania 715
Reproducibility of Nordic Sleep Questionnaire in spinal cord injured 780
Exercise
The effect of exercise training on pulmonary function in persons with quadriplegia 435
Testosterone, cortisol and catecholamine responses to exercise stress and autonomic dysreflexia in elite quadriplegic athletes 292

Thermoregulation of paraplegic and able-bodied men during prolonged exercise in hot and cool climates 860
Fertility
Assisted ejaculation combined with in vitro fertilisation: an effective technique treating male infertility due to SCI 463
Greatly improved sperm motility from vas deferens sperm retrieval: a case for accessory gland related subfertility in spinal cord injured man. Case report 501
Semen quality in the same man before and after SCI. Case report 117
Fluorosis, Post-traumatic pseudomeningocoele of cervical spine in a patient with skeletal fluorosis. Case report 627
Follow-up studies, A computer assisted follow-up system for SCI patients 736
Fractures
Oblique odontoid fracture. Case report and review of the literature 108
Pathology of SCI due to fracture and fracture-dislocations of the cervical spine 642
Patient with a lumbar vertebra fracture. Clinical discussion 137
Gallium nitrate, And spinal cord injury. A pilot study of efficacy using an experimental model 86
Hand
Development of a tetraplegic hand assessment and splinting protocol 159
Shoulder–hand syndrome in cervical spinal cord injury 588
Hospitalisation
Problems of long-term hospitalised cervical spinal cord injury patients in university hospitals 19
Spinal cord injury hospitalisation in a rehabilitation hospital in Japan 47
Hyperbaric oxygen (HBO), Therapy: implications for SCI patients with intrathecal baclofen infusion pumps. Case report 281
Hyponatremia, A retrospective study of hyponatremia in tetraplegic/paraplegic patients with a review of the literature 597
Hypotension
Hypotensive infarction of the spinal cord 314
Profound hypotension in a tetraplegic patient following angiotensin-converting enzyme inhibitor lisinopril. Case report 871
International Medical Society of Paraplegia, Annual General Meeting of IMSOP held in Ghent; Belgium in May 1993 430
Lower limbs, Below-knee amputation for Charcot joint developing 40 years after SCI. Case report 63
Magnetic resonance imaging (MRI)
Monitoring the evolution of intramedullary lesions in SCI. Qualitative and quantitative analysis with sequential MRI 9
MRI findings in SCI patients who have respiratory distress 323
Prognosis of cervical spinal cord injury in correlation with MRI 81
Transverse myelitis – neurophysiological and MRI correlation 593
Meetings and Notices 66, 135, 209, 287, 365, 433, 582, 639, 707, 793, 875
Methicillin resistant Staphylococcus aureus (MRSA), The prevention of spread of methicillin resistant *Staphylococcus aureus* in a spinal injuries centre 732
Mobility, Car driving for the severely physically disabled: the American experience 697
Motor neuron disease, New findings and symptomatic treatment for neurolathyrism, a motor neurone disease occurring in north west Bangladesh 193
Motor vehicle accidents, Pediatric seatbelt injuries: diagnosis and treatment of lumbar flexion-distraction injuries 743
Muscles, Biceps vs extensor carpi radialis recovery in Frankel grades A and B in SCI patients 340
Myelitis, Transverse myelitis – neurophysiological and MRI correlation 593
Neoplasms
Gliomas of the conus medullaris 52
Neurological evaluation after radical resection of sacral neoplasms 396
Total en bloc spondylectomy and circumspinal decompression for solitary spinal metastasis 36
Neurological sequelae, Spinal cord pencil-shaped softening: comparison between the clinical findings and the autopsy findings. Case report 124
Neuropathic bladder
Ano-vesical reflex: role in inducing micturation in paraplegic patients 104
Effect of nifedipine on cystometry-induced elevation of blood pressure in patients with a reflex urinary bladder after a high level SCI 308
The first 500 patients with sacral anterior root stimulator implants: general description 795
Flexible cystoscopy in SCI. Review article 454
Improvement of urethral resistance after the administration of an alpha-adrenoreceptor blocking agent, urapidil, for neuropathic voiding dysfunction 271
Intravesical instillation of oxybutynin hydrochloride therapy for patients with a neuropathic bladder 25
Long term urinary prognosis of cervical cord injury patients 30
Long-term urodynamic follow-up in pediatric SCI 806
Penile prostheses for the management of the

neuropathic bladder and sexual dysfunction in SCI patients: long term follow-up 336
A possible new reflex pathway for micturation after SCI 300
Review of urinary tract abnormalities in 100 patients with spinal cord paralysis 531
Urethral cytology in SCI patients performing intermittent catheterisation 493
Urolume urethral wallstent in the treatment of detrusor sphincter dyssynergia 616
Use of Memokath, a second generation urethral stent for relief of urinary retention in male SCI patients 480
Neurophysiology, Transverse myelitis – neurophysiological and MRI correlation 593
Obituary, Jousse, Albin Theophile MD FRCP(C) 634
Orthoses, Restoration of gait with orthoses in thoracic paraplegia: a multicentric investigation 608
Pain, Valproate for treatment of chronic central pain after SCI. A double-blind cross-over study 565
Paraplegia, Japanese issue of *Paraplegia* 1
Pathogenesis, Increased production of eicosanoids, TXA_2, PGI_2 and LTC_4 in experimental SCI 524
Pregnancy
Assisted ejaculation combined with in vitro fertilisation: an effective technique treating male infertility due to SCI 463
Ejaculation obtained by intracavernous papaverine in a cervical SCI patient resulting in pregnancy and childbirth. Case report 180
Motherhood after traumatic SCI 517
Pressure sores, Prospective study of pressure ulcer risk in SCI patients 150
Prostheses, Penile prostheses for the management of the neuropathic bladder and sexual dysfunction in SCI patients: long term follow-up 336
Psychological reactions, Moderator-variable effect on the Brief Symptom Inventory test-item endorsements of SCI patients 473
Psychotherapy, Group psychotherapy with spinal cord injured substance abusers 188
Quality of life, Adjustment to traumatic SCI. A longitudinal study of self-reported quality of life 416
Rehabilitation
An investigation into the employment and occupation of patients with a spinal cord injury 182
Psychosocial outcome following SCI 771
Social implications for persons 5–10 years after SCI 330
Spinal cord injury hospitalisation in a rehabilitation hospital in Japan 47
Respiration, MRI findings in SCI patients who have respiratory distress 323
Sexual function
Ejaculation induced by penile vibratory stimulation in men with SCI. The importance of the vibratory amplitude 651
Ejaculation obtained by intracavernous papaverine in a cervical SCI patient resulting in pregnancy and childbirth. Case report 180
Management of pharmacologically induced prolonged penile erection with oral terbutaline in traumatic paraplegics 670
Penile prostheses for the management of the neuropathic bladder and sexual dysfunction in SCI patients: long term follow-up 336
Severe penile erosion after use of a vacuum suction device for management of erectile dysfunction in a spinal cord injured patient. Case report 120
Sexual adjustment after SCI focusing on partner experiences 225
Sexual adjustment after spinal cord injury – comparison of partner experiences in pre- and post-injury relationships 759
A simple technique to prevent retrograde ejaculation during assisted ejaculation 142
The urodynamic status during psychogenic erection in a patient with a conus medullaris injury. Case report 358
Use of intracavernous injection of prostaglandin E1 for neuropathic erectile dysfunction 661
Spasticity, Selective intrathecal phenol block to improve ADL in patients with spastic quadriplegia. A preliminary report 489
Spina bifida, A multicentre study of the hospital care of 1500 patients with myelomeningocele 561
Spinal cord injury
The International Standards Booklet for Neurological and Functional Classification of Spinal Cord Injury 70
Analyses of 94 consecutive SCI patients using ASIA definition and modified Frankel score classification 583
Changes in choline acetyltransferase distribution in the cervical spinal cord after reversible cervical SCI 752
In Japan: a nationwide epidemiological survey in 1990 3
The International Standards Booklet for Neurological and Functional Classification of SCI 69
Monitoring the evolution of intramedullary lesions in SCI. Qualitative and quantitative analysis with sequential MR imaging 9
Non-contiguous spinal injury: clinical and imaging features, and postulated mechanism 817
Operative and nonoperative management of SCI. A review 375
Pathology of hyperextension injuries of the cervical spine 367

Patients who had an accident, walked but became spinal paralysed 93
The prevention of spinal injuries in rugby football 442
Surveillance of SCI in Utah, USA 665
A survey of spinal cord injuries resulting from sport 170
Stand up devices, The Standomobile: a new, electrically powered, mobile stand up device for use in paraplegia. Case report 202
Substance abuse, Group psychotherapy with spinal cord injured substance abusers 188
Syringomyelia
Hyperhidrosis as the presenting symptom in post-traumatic syringomyelia 423
Post-traumatic syringomyelia: a review of the literature 723
Severe exacerbation of post traumatic syringomyelia after lithotripsy. Case report 694
Thermoregulation, Of paraplegic and able-bodied men during prolonged exercise in hot and cool climates 860
Treatment, Operative treatment as a part of the comprehensive care for patients with injuries of the thoracolumbar spine. A review 509
Upper limbs
Function in persons with long term paraplegia and implications for independence: Part I 211
Function in persons with long term paraplegia and implications for independence: Part II 219
Improvement of upper limb function with respect to urination techniques in quadriplegia 354
Venous vascular system, Properties of the venous vascular system in the lower extremities of individuals with paraplegia 810
Ventilation
Tracheostomy ventilation versus diaphragmatic pacemaker ventilation in high SCI 687
Two methods of weaning persons with quadriplegia from mechanical ventilators 98
Wheelchairs
Aerobic capacity and anaerobic threshold of wheelchair basketball players 196
Anthropometric features of wheelchair marathon race competitors with spinal cord injuries 174
Physiological responses during wheelchair racing in quadriplegics and paraplegics 253
Relationship between physical strain during standardised ADL tasks and physical capacity in men with SCI 844
Tetraplegic wheelchair basketball 59
